WHO IS YOUR NEXT DESIGNER? WELL, YOU'RE READING ABOUT HIM.

“ I am a graphic designer who is always willing to learn and refers to successful practices from both historic and contemporary design as my standard. I work with a mindset that each project is not only important for each client or my employer, it is also very important for myself. A direct reflection of my passion and talent. ”

I ADD STRENGTH TO EVERYTHING

PRINT DESIGN [view online](#)

I have extensive experience designing for print media. Everything from brochures, posters, fabric banners, business cards, flyers, and stickers. My work is the most effective and cleanest method to communicate a given message to the public. I take great pride in my ability to use all elements of color, layout and typography in a any given design.

BRANDING & MARKETING [view online](#)

Working in an international beverage company, I have been able to work with, create and manipulate brands to their full potential. I have an excellent sense of identity conception and marketing, both traditional and contemporary. A social media design blog junkie, I understand and utilize the full potential of social internet marketing. Logo designing is the most important aspect of branding, and I am damn good at it.

WEB DESIGN [view online](#)

I have built complete corporate websites from the ground up. Being able to incorporate my graphic art abilities into all my web designs with full user interaction is one of my greatest strengths. I am very fluent in CMS including Wordpress, Joomla, and the DotNetNuke. I excel in Flash and animation. I fully understand the entire process of building, hosting and maintaining great websites. I always incorporate search engine optimization into all my sites. The internet won't know what hit it.

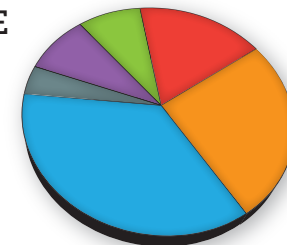

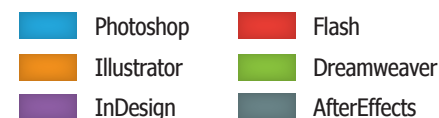

MOTION GRAPHICS & VIDEO [view online](#)

One of my skills is understanding and working with video. I have a strong background in video editing and motion graphic animation. I have built animated intros and edited full corporate music / promotional videos. My skills in After Effects / Flash and the ability to incorporate video manipulation into my designs are huge assets.

MAD ADOBE SKILLS AT A GLANCE

A graphical representation of my practical knowledge and 15+ years of experience with Adobe softwares.

WHERE I'VE BEEN & WHERE I'M GOING

STUDIOMUKU *FREELANCE GRAPHIC & WEB DESIGN SERVICES*

STUDIOMUKU is the alias for my freelance graphic design services that I offer to multiple clients around the world. I have done work for artists, small business owners, network marketers, publishers, and more. I have created websites, print material, brands and given marketing direction for startups. My unique approach to client/designer interaction is to work with clients through the entire design/concepting process and explain each creative choice. I have an innate ability to quickly learn and adapt new technologies to produce practical and memorable designs. [view studiomuku online](#)

THE LIMU COMPANY *GRAPHIC & WEB DESIGNER EXTRORDINARE*

A network marketing international health beverage company situated in Lake Mary, Florida, The Limu Company has been where I have learned the nuts and bolts of designing. Working as a team with an extremely talented and experienced designer, I have created and maintained Limu's multiple websites, branding identities, event signage, print advertisements and social marketing campaigns. I have gained invaluable experience and practical working knowledge of both design and marketing - but most importantly how to integrate the two into real-world business situations.
